# The New Leipzig Charter – Starting Point

- **Today, the global and the local are deeply intertwined, with a direct impact on cities**  
*(climate change, resource scarcity, migration movements, digitalisation, pandemics...)*
- **risk of new forms of social, economic and environmental conflicts and inequalities in our societies**
- **Leipzig Charter contributes to implement objectives of European and global agreement**  
*(Paris, Quito, Agenda 2030 for Sustainable Development, European Green Deal)*
- **Strengthening framework conditions for urban development as Leipzig Charter addresses all governance levels**  
*(EU – national – regional – cities – neighbourhoods)*
