Mapping of past initiatives, networks & potential instruments

- Cross-country projects & initiatives based on a research – policy dialogue design that included data, indicators, monitoring & policy evaluation as topics

- Common features & observations

- Funding sources & instruments

OECD, A Territorial Approach to Migrant Integration: The Role of Local Authorities (forthcoming)

- Chapter Assessment of integration results for migrants and host communities and their use in policy design

- Based on case studies from 10 cities

- Context Database on Migrants in OECD Regions

EUROCITIES, Integrating Cities (2006 -)

- INTI-CITIES, DIVE, MIXITIES, ImpleMentoring & Cities Grow projects: promotion of diversity and equality through assessing practices and policies, peer review and benchmarking

- Integrating Cities Toolkit Managing - Managing diversity and promoting equality in cities' administration and service provision 2014 (incl. Monitoring and Evaluation)

- Implementing the Integrating Cities Charter 02 (2015)

- *EU Funding: INTI/EIF/AMIF, EaSI*

KING Knowledge for INtegration Governance (2014)

- Laboratories of integration at local level

- Monitoring integration at local level: examples from multiple European countries

- Assessment of observatory-style approaches in IT (Lombardy), ES (Andalusia), UK, PT

- *EU Funding: EIF*

CLIP European network of cities for local integration policies for migrants (2010)

- [Equality and diversity in jobs and services: City policies for migrants in Europe](#) (incl. Monitoring and impact assessments, recommendations)

- [Case studies 2008/9](#) (incl. monitoring) in 17 cities

- *EU Funding: European Foundation for the Improvement of Living and Working Conditions*

ICC Intercultural Cities network (2007-)

- ICC Index: 70+ policy indicators to monitor implementation of intercultural approach to immigrant integration

- Benchmarking of 85 cities until 2017 using same tool to evaluate and develop their policies, some of them repeatedly

- *Council of Europe*

ECCAR European Coalition of Cities Against Racism (2017)

- Toolkit for Equality – Monitoring

- Guide to implement monitoring of policies based on policy indicators incl. data-based benchmarks

- Based on contributions by 26 cities

- *EU Funding: Rights, Equality and Citizenship (REC) Programme*

Cross-country assessments on national level

- FRA Fundamental Rights Agency 2016: SIMPS Migrants and their descendants: social inclusion and participation in society, country studies & overall report – Monitoring situation in all Member States (partly also regional); application of Zaragoza indicators across EU

- EMN European Migration Network 2015: Ad-hoc query monitoring of migrant integration outcomes – Overview of national systems in 19 MS (AT, BE, HR, CZ, ES, FI, F, DE, GR, HU, IE, LV, LT, LX, NL, SK, SL, SE, UK)

- KING Knowledge for INtegration Governance 2014: Monitoring as a Tool for Integration Governance – Assessment of national systems in 9 MS (AT, BE, CZ, ES, DE, IT, EI, NL, SE)

- SCP Netherlands Institute for Social Research 2012: Measuring and monitoring immigrant integration in Europe – Assessment of national systems in 16 countries (AT, BE, CZ, DK, ES, DE, IE, LT, LV, NL, NO, PL, PT, SE, CH, UK)

Common features & observations

- Strong in pointing out the relevance of indicators, monitoring etc. for comprehensive local-level integration policies

- Recommendations tend to be on a general level

- Overall rather descriptive, esp. in case studies

- No systematic comparative evaluation of city practices

- No substantial evidence for cross-country policy learning on the level of concrete indicators, creation of monitoring systems and other practicalities

- Few real how-to-do tools & implementation guidance

EU funding sources & instruments

- INTI/EIF/AMIF

- Programme for Employment and Social Innovation (EaSI)

- Rights, Equality and Citizenship (REC) Programme

- European Foundation for the Improvement of Living and Working Conditions

- Fundamental Rights Agency

- FP/H2020: comparative studies on migrant statistics on national level (e.g. COMPSTAT, THESIM, PROMINSTAT)

- No data- or monitoring-specific projects/networks under URBACT, Interreg Europe, Interact
